I covered for the class music teacher yesterday and did Stave House with the whole of nursery. They LOVED IT. I'm with them again next week and they've already had the teacher email to say, "Can we play in Stave House again?"

**Melissa Whennell, Teacher**

What a difference it's made to our school. We have children who are proficient sight readers at the age of 5!

**Kate Long, Teacher**

First time we saw our daughter smile whilst playing the piano. The Stave House method is the perfect way to teach children to love and understand music.

**Nick & Claire Orr, Parents**

It was abundantly clear they are acquiring excellent musicianship skills. They understand and enjoy what they are taught, and the outcome is musical accomplishment of high calibre.

**Joshua Brown, LCM Examiner**
